FOR IMMEDIATE RELEASE

## **David Wachs named as President of Concentric Security, LLC**

Concentric Security, LLC names President of Concentric Security Construction Division

Concentric Security, one of the nation's foremost Perimeter Security Construction companies, names David Wachs as President.

Sykesville Maryland, December 7, 2009 – Concentric Security, LLC announced today the appointment of David Wachs as the new President of Concentric Security Construction Division. Concentric Security is one of the nation's foremost Physical Perimeter Security Construction companies, specializing in turn-key access solutions providing an integrated security solution.

David joined Concentric Security over 5 years ago and has been an integral part in the growth of the company during that time. His most recent role was as the Director of Sales, developing and organizing the sales teams. David has over 20 years of experience in the security industry.

"I am excited and honored that David has accepted this challenge." Concentric Security's CEO Mark Oakes said. "His abilities and talents will help us take our business to the next level."

Mark Oakes has stepped down from his previous role as President and CEO to function solely as the CEO of Concentric Security and its sister companies. Mark's focus will be on key strategic initiatives within the organization. "Concentric Security has enjoyed great growth and profitability in the last year and we look forward to continuing to exceed the standards in the perimeter security construction market in the new year."
